Commissioner for Patents

The request to correct the inventorship of this nonprovisional application under 37 CFR 1.48(a) is deficient because: The individual who signed the Written Consent Of Assignee form that has been submitted did not specifically state that he has the authority to act on behalf of the assignee. Additionally, the individual's title of Chief Technology Officer does not appear to be an appropriate official of the assignee as set forth in MPEP 201.03(II)(D).
